REASONS FOR ALLOWANCE

Claims 1-7, 10-14, and 40 are allowed. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach the specific combination of elements as claimed in independent claims 1 and 40. In particular the prior art fails to teach *inter alia* a tool comprising an electronic display coupled to a handle for displaying a drink recipe; and a measuring device extending from the handle for measuring ingredients; and a controller for determining text to be displayed on the display wherein the controller displays a next ingredient in the recipe when a sensor senses rotation of the handle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:

- Hall (USPN 6,404,838) – discloses a dispensing device comprising a handle, display, and leveling means for advancing a counter.
- Maxwell, III (USPN 5,299,356) discloses a utensil comprising a handle, display, and a counter.
- Enzler et al. (WO 93/05382) – disclose a concrete recipe measuring and mixing device.
